

24 October 2011 | GRDO appoints Information and Development Officer

Kathy Tynan has been appointed to the position of Information and Development Officer (part-time) at the Genetic and Rare Disorders Organisation (GRDO).

Kathy has over ten years of wide-ranging experience in communications, specialising in the non-profit sector and online communications, and including five years at the Irish Cancer Society.

About the role, Kathy said, "I am looking forward to working with the board and members of GRDO in the coming months. Our aim is to raise public awareness of the issues facing all those affected by a rare disorder, to lobby for improved treatment and care, and to develop a high quality information and support service."

Welcoming Kathy, Avril Daly, GRDO Chair, said, "We are delighted to have Kathy on board. This is a major step for GRDO, and a welcome development for the rare disease community in Ireland."

Kathy can be contacted at:
